

Energy Sector in Ukraine
Current developments and future business opportunities

6th September 2021, 2:00 pm – 4:00 pm CEST
Online

2:00 pm Introduction
Volodymyr Bondarenko, State Secretary, Ministry of Energy, Ukraine
Andreas Feicht, State Secretary, Federal Ministry for Economic Affairs and Energy, Germany

2:25 pm **Panel Discussion**
Perspectives of the Green Deal implementation in Ukraine

The European Union Green Deal aims to make the European Union's trade relations greener. There are many economic opportunities in this approach, but also challenges. What measures need to be taken to ensure that the European Union's Green Deal promotes economic relations with Ukraine and does not become a burden in the relations?

Katarina Mathernova, Acting Director, Ukraine Support Group, European Commission

Stanislav Tillich, Special Representative of the Federal Government of Germany for Structural Change in the Ukrainian Coal Regions

Maxim Timchenko, CEO, DTEK

Ariel Porat, Senior Vice President Hub Europe, Siemens Energy

Including Q&A from the audience

3:00 pm **Impulse & Presentation**
Traditional renewable energy: opportunities for wind and solar development in Ukraine from a business perspective

Ukraine offers excellent conditions to produce green electricity based on wind and solar energy in many regions. The production capacities of wind power plants have been greatly expanded in recent years. What development will these energy sources take in the coming years and where are the business opportunities?

Drawing the framework on Renewables in Ukraine

Oleksandra Gumeniuk, Director, European-Ukrainian Energy Agency

Views from the business

Heiner Röger, Owner and CEO, NOTUS energy GmbH

Including Q&A from the audience

3:25 pm

Closing Panel

Decarbonisation in Ukraine through untapped potential of hydrogen, energy storage and grids modernization: options for business partnerships and solutions from business - Where we are and where we should go.

Janez Kopac, Director, Energy Community Secretariat

Philipp Leckebusch, CTO, DTEK

Sabine Augustin, Head of Corporate Development and Strategy, Open Grid Europe GmbH

Prof. Dr. Rainer Lindner, Chairman of the Board, Heine+Beisswenger Stiftung

Vyacheslav Marchenko, Managing Director Ukraine, Siemens Energy

Including Q&A from the audience

4:00 pm

End of session

The event takes place with kind support of DTEK.
